***Can you Survive 485,000 Tonnes of Steel and 170,000 Litres of Water?***

***Think you Know the Fury? Take Your Guess at NiagarasFury.com***

(Niagara Falls, ON) March 25, 2008 --- Following much speculation and excitement on the Internet and in the media about the nature of Niagara Falls' new attraction coming in the summer of 2008, [www.niagarasfury.com](http://www.niagarasfury.com) has launched another element on the interactive site, to allow visitors to guess what they think the Niagara's Fury™ will be.

A few clues released by The Niagara Parks Commission about Niagara's Fury™ include the confirmation that the new attraction will be arriving in Niagara Falls in the coming weeks via transport trucks and will be assembled at the new Table Rock. Niagara's Fury™ will utilize 485,000 tonnes of steel, 170,000 litres of water and technology never used before to recreate the biggest thrill in 10,000 years. Go to Niagara's Fury™ website to take your guess in the *Guess Box*.

Last month The Niagara Parks Commission started slowly revealing Niagara's Fury™ to the public by releasing a 90-second video teaser and launching *Freezing Falls*, an online game that allows players to experience their own glacial devastation. Visitors to the site can also enter to win the 'Survival Contest' for a chance to win a VIP Prize package for four, consisting of two (2) nights accommodation at a Niagara Falls hotel, VIP passes to the Niagara's Fury Grand Opening, lunch and dinner at a Niagara Parks Restaurant and Niagara Falls & Great Gorge Adventures Passes.

Niagara's Fury™ is the cornerstone of the highly anticipated renovations at Table Rock. The complex will be Niagara's newest "must see" destination for shopping, dining and entertainment. Major renovations and state-of-the art additions include a Bridge of Flowers, which will showcase a distinctive Clock Tower, providing covered pedestrian access from the Fallsview Tourist Area and a Grand Hall year-round viewing Gallery.
